Powerful Advocacy to Defend and Protect Your Earned Pay and Benefits

The federal community has faced assaults for many years—and continues to be the target of choice when Congress looks for funding, savings or a scapegoat. Acting as your advocate, NARFE is leading the fight to protect your earned benefits.

Your Benefits Are at Risk

NARFE thwarted ALL attempts by the administration and Congress to cut the earned pay and benefits of federal employees and retirees.

- The administration's FY2018 and 2019 budget proposals called for \$149 billion in cuts to benefits for current and retired Feds.
- The House passed a FY18 budget resolution that threatened nearly \$200 billion in cuts to federal benefits to fund the tax overhaul. None of these provisions were passed.

NARFE successfully prevented a disproportionate and unfair increase in Medicare premiums.

- No COLA in 2016 meant millions of Medicare enrollees not held harmless would have faced premium increases of 52 percent unless Congress or the administration took action. NARFE raised the alarm, and lobbying efforts and messages from thousands of NARFE members forced a compromise fix to significantly reduce the increase.

NARFE worked to provide more flexible withdrawal options for Thrift Saving Plan (TSP) participants, giving you more control over your retirement savings.

- Feds can reap the benefits of the TSP Modernization Act that offers more flexibility and the ability to make withdrawals timed to individual needs.

NARFE worked to increase identity theft protection provided to victims of the data breaches at OPM.

- Pressure from NARFE increased identity theft protection for all affected by the OPM data breach to 10 years of coverage.

NARFE looks out for your best interests.

Our influence with congressional leaders is backed by hundreds of thousands of NARFE members. Whether we are testifying before Congress on nationally elevated news or meeting one-on-one with officials to promote the future well-being of federal workers, NARFE represents you and the millions of federal employees and retirees who count on us to keep their future safe and secure.

NARFE Fights for YOUR Benefits.
